Mentor: Prof.Nutan Bansode | **Team Size:** 3

Key Skills: Regression Models | Data Analysis | Data Preprocessing & Cleaning

The project "Chronic Kidney Disease (CKD) Prediction using Machine Learning" focuses on developing a predictive model to identify patients at risk of kidney disease based on clinical and laboratory data.

SEMINARS / TRAININGS / WORKSHOPS

Digital Twin Technology Institute Name: MIT Academy of Engineering, Pune

18 Aug, 2025 - 22 Aug, 2025

Key Skills: Digital Twin Modeling, | IoT Integration, | Data Analytics & Visualization

During the Digital Twin Technology workshop, I gained in-depth understanding of creating virtual representations of physical systems to monitor, simulate, and optimize real-world performance. The internship focused on integrating IoT sensors, data analytics, and simulation models to build a digital ecosystem that mirrors physical processes in real time.

Genrative AI

01 Jun, 2025 - 05 Jun, 2025

Institute Name: MIT Academy of Engineering, Pune

Key Skills: Understanding Generative AI Concepts, | AI Tools & Platforms

Through interactive sessions and practical exercises, I learned how Generative AI models such as ChatGPT, and other AI tools how they can be applied to various domains like art, design, data science, and software development.
